

Updated proof as requested.

If you do want to go for the 'over graphics' on top of the mullions please allow an extra £200.00

We have everything ready our end to proceed with the job.

If you can give us a preferred fitting date from Wednesday 19th onwards we will book it in.

On the day of the fitting we will need the cars that are normally parked in-front of the fitting area to be cleared so we can drive the lift in an operate to Health & Safety Standards.

Any questions please ask.

Kind Regards,

Ian Lace
