Equality & Diversity Policy

Introduction

Access Community Trust, hereinafter referred to as the organisation, strives for high standards both as an employer and as a provider of services. In so doing, we recognise the need for encouraging diversity and wholeheartedly support a policy of equal opportunities in all areas of our work and responsibilities.

This policy provides guidance to enable all who work with or for the organisation to comply with anti-discrimination legislation. The policy will also address antidiscrimination issues involving areas that currently fall outside any legislation.

Failure to follow the procedures in the policy may lead to disciplinary or other appropriate action.

The organisation's aims and objectives will be achieved through action planning, effective monitoring and a willingness to tackle problems where they arise.

The organisation is committed to reviewing this policy on an annual basis.

Through our training, publications, interaction with members and other activities, the organisation will ensure those we work with know our statements of policy.

The organisation will regularly review the implementation of its Equality and Diversity Policy and strategy. Where evidence is found of ineffectiveness, immediate remedial action will be taken to ensure implementation.

The Organisation urges customers, staff and volunteers to be aware of the less obvious types of discrimination which result from general assumptions and preconceptions about the capabilities, interests and characteristics of individuals.

Definitions

Equal Opportunities ensure that policies, procedures and practice within the organisation do not discriminate against its employees, volunteers, customers and other stakeholders. It is about treating people fairly and equally regardless of whom they are their background or their lifestyle.

Diversity ensures that all people are valued as individuals and are able to maximise their potential and contribution to the organisation and to the community. It recognises that people from different backgrounds can bring fresh ideas and a different approach, which can make the way we work and learn more fun, more creative, more efficient and more innovative.

Direct Discrimination, as defined in law, occurs when an individual is dealt with less favourably than other people on the grounds of race, ethnic or national origin, disability, sex, actual or perceived religion or belief or sexual orientation.

However, in terms of this policy, the definition is taken to be wider and includes, for example, colour, nationality, marital status or caring responsibility, age, mental health, political, class, HIV status, employment status, unrelated criminal convictions, union activities.

Indirect Discrimination occurs when a provision, criterion or practice puts people of a particular group at a disadvantage and is not justified in relation to the job, for example a rule about clothing that disproportionately disadvantages a racial group cannot be justified.

Victimisation means that if a person has made or is making an accusation of discrimination in good faith, it is unlawful to discriminate against them for having done so, or because they intend to do so or it is suspected that they intend to do so. People must be able to act against unlawful discrimination without fear of reprisals.

Harassment means unwanted conduct based on race, sex or age etc. which has the purpose or effect of violating the dignity of a person or creating an intimidating, hostile, degrading, humiliating or offensive environment for the person. Harassment can be sexual, racial, directed against people with disabilities or indeed related to any characteristic exhibited by the individual. (See the organisation's Harassment Policy for guidance where harassment has occurred).

Positive Action refers to measures taken to assist employees, volunteers or customers who have been under-represented in specific areas, to reach a level of workplace knowledge and competencies that is comparable with 'representative' employees, volunteers or customers. These measures could take the form of additional training or providing a job application form in other languages to encourage applicants from these communities. Positive discrimination at the point of selection for work is not permissible.

Policy Statements

Diversity

The organisation will actively encourage diversity to maximise achievement, creativity and good practice and to bring benefit to individuals and communities.

The organisation encourages all people it works with, and for, to contribute to an environment in which people feel comfortable expressing how they feel and what they need, knowing they will be treated with respect and that their contribution will be valued.

The way we work, train and learn within the organisation reflects both the mission and objectives of the organisation and the spirit and intentions of legislation that outlaws discrimination and promotes equality and diversity.

The organisation will make reasonable adjustments to working practices, equipment and premises and offer, where appropriate, additional support to staff, volunteers, customers and trustees to ensure they are able to take a full and active part in the organisation's work.

The organisation will endeavour to deliver services in a way that genuinely recognises the importance of an inclusive society that brings opportunities and access, not barriers to individuals.

Equal Opportunities

The organisation is an equal opportunities employer and provider of services. No job applicant, employee, volunteer, customer or trustee, should receive less favourable treatment on the grounds of race, colour, nationality, ethnic or national origin; sex; marital status or caring responsibility; sexual orientation; age; physical, sensory or learning disability; mental health; political or religious beliefs; class; HIV status; employment status; unrelated criminal convictions; union activities. Nor will such person's sex, disability, race, marital or civil partnership status, sexual orientation, religion, gender reassignment, pregnancy or maternity, colour, nationality or ethnic or national origin, age, trade union membership or non-membership, be disadvantaged by conditions or requirements which cannot be shown to be justifiable.

This principle applies to all aspects of the organisation's activities as an employer and provider of services, including recruitment, promotion, transfer, training, benefits, facilities, procedures and all terms and conditions of employment.

Policy Implementation: Recruitment and Promotion

The organisation strives to ensure that our trustees, staff and volunteers reflect the wider community.

Clear and accurate information on vacant posts should be available through advertisement, job descriptions, person specifications and interview. Vacancies should be advertised sufficiently widely to reach the widest possible range of candidates, either internal and/or external.

All recruitment material should not imply any preferred group, unless a genuine occupational qualification exists limiting a post to a particular group.

Applicants will be informed, through all recruitment material of the organisation 'scommitment to Equality and Diversity.

Person specifications may include 'essential' and 'desirable' requirements that are necessary and justifiable. Care and advice where necessary, is needed to ensure these are not discriminatory.

Staff and volunteers should be encouraged to discuss their development and training needs through a process of regular support and annual appraisals. Job titles that are discriminatory must be avoided.

The interview panel must take extreme care not to ask discriminatory questions which do not comply with the organisation's Equality and Diversity Policy Statements, e.g. questions relating to race, colour, nationality, ethnic or national origin; sex; marital or civil partnership status or caring responsibility, sexual orientation, age, physical, sensory or learning disability, mental health, political or religious beliefs, class, HIV status, employment status, unrelated criminal convictions, union activities.

We will review employee turnover and seek information on reasons for leaving. Local and national data or statistics will be used to benchmark our performance.

The Trustees will review annually equality of opportunity relating to the organisation services. Recruitment and selection procedures will be monitored and reviewed annually by the HR advisor who will report to the director of services. All aspects of HR policies and procedures shall be kept under review to ensure that they do not operate against the Equality and Diversity Policy.

In order to determine the impact of this policy, it is important that a monitoring system be developed which will measure commitment, progress and effectiveness. The Diversity and Equality Policy will be monitored and reviewed as follows:

- The equality and diversity will be an agenda item at the organisation team meetings.
- REDACTED, Safeguarding Manager will undertake an annual policy review. All relevant parties will be encouraged to submit comments for consideration.

Where it appears that there may have been or there is a breach of the policy, the HR advisor will investigate the circumstances and action will be taken to counter any proven breach of policy.

If it is found that the policy is excluding or discouraging the development of Trustees, staff or volunteers or restricting residents or clients, the Safeguarding Manager should take positive action to re-adjust the policy.
