Hi Mark

RECOMMENDATION TO REMOVE EQUIPMENT

As requested. You will be aware of the history and layout of this site. The multiplay, swings and play house are beyond economic repair and currently pose a risk to the council (hence site has been locked). The only realistic option is to remove these items. This only leaves the wobble board which has seen better days and alone does not form a play space, the recommendation would be to also remove this item.

I'll leave you to read the report and we can discuss options/way forward.

Regards
Simon
