Subject: Talking Benches

Morning all,

I have been contacted by a local resident in Carlton Colville who I am meeting with on Monday to discuss the concept of a 'Talking Bench'. Sheffield City Council were the first Council to adopt this idea. I want to keep you informed as I think it is a lovely idea, and relatively easy to achieve (famous last words). This could be something we could roll out across the district, but thought it would be an idea to start in Lowestoft first. Please see links below. I will keep you updated on the progress.
