

Dear Sir/Madam,

My name is Eleanor and I work in the Waste team at Suffolk County Council. I am working on our food waste reduction campaign Food Savvy. More information on this campaign can be found here: <https://www.foodsavvy.org.uk/>

The campaign is in its second year but this year we are looking to increase people's awareness of the campaign. We would like to attend more events in Suffolk, including Lowestoft.

Do you have a list of public events that are taking place in Lowestoft this year? We might be interested in attending some so it would be great to have as much information on these as possible so we can plan our resources for the year.

I look forward to hearing from you.

Kind regards,

Eleanor
