Subject: Consultation on cemetery / burial availability in East Suffolk

Dear Sirs

East Suffolk Council is currently reviewing its burial provision in the district. We know that space for a lawn burial is becoming more scarce in some of our cemeteries and we are seeking to plan for the future.

Some areas already have S106 provision for more cemetery land in the future.

We would like to invite any comments from the Parish and Town Council's on local provision for burials where we have cemeteries, whether any issues have been highlighted to you and your thoughts on the future of cemetery land provision locally.

I am happy to discuss further if you would like any more information on the review and would welcome comments back by mid-September.

Regards

Laura
