

Good morning Lauren

Please find below an email that I received yesterday.

I have advised the person to get in touch with Betty Jarrod and Councillors G Parker and G King the part the referrers to Harris Ave is in Ward that represents they on ESC.

It might be a good idea to have an item on the next Allomans sub committee Re the problem

Best Regards Keith Patience

Subject: RE: Security & Safety Concerns

Thank you for your email REDACTED.

Anything to do with the Allotments you should get in touch with the Allotments Association I believe they have a person who deals with any problems.

As far as Harris Avenue is concerned please get in touch with the local councillors Cllr G King or Cllr G Parker they should be able to help you as they are the ward councillors St Margaret's

If you need to speak to me about anything regarding the above please give me a ring

Best regards

Cllr Keith Patience |

East Suffolk Council

East Suffolk Council will continue to review and prioritise the delivery of its services during this unprecedented time. The COVID-19 outbreak will severely impact what we are able to

do, however, we will continue to support and protect our communities, delivering the critical services you need.

Subject: Security & Safety Concerns

Councillors,

I am wondering whether you can help me or point me in the direction of someone who can, I have been trying to raise our concerns with the local and county councils regarding the security and safety issues relating to our school site but keep being passed onto others without response.

Firstly, we have the allotment area to the rear of our site which is creating ease of access to our site by having raised fencing on their side of our palisade fencing, and also, the continuous build up of gardening and other waste against our fencing which is now causing the fencing to lean inwards.

Secondly, we have similar issues with the fencing that runs adjacent to Harris Avenue, alas the results of trying to obtain help are just the same. It has become very frustrating, and I am now turning to you in the hope that one or all of you can help with this predicament.

Should you wish to, you are more than welcome to visit our academy and see the issues firsthand.

Kind Regards,

REDACTED
