130. To receive an update regarding the request from a member of the public to support the extension of double yellow lines on NR33 9RE

The Committee noted the response from Suffolk Highways stating they do not paint double yellow lines to prevent cars blocking driveways as it was an offence to block a driveway, therefore double yellow lines would not be required to enforce this. Suffolk Highways noted the resident could apply and pay for access protection marking to highlight their driveway entrance.

Officers had received a call from the resident who made this request and been informed of the issues experienced with cars blocking their driveways and their deep frustration with the situation and the lack of support from any authority to assist in the matter.

The Committee agreed that there was no further action the Town Council could take to assist the resident in this matter as it had no jurisdiction in highway matters.

131. To note receipt of the Community Infrastructure Levy Liability Notice

The liability was noted to be £0.00.

132. To consider a response to the consultation for the Broads Authority Design Guide and Code Supplementary Planning Document (SPD)

It was agreed to defer the submission of a response to the next meeting.

Cllr Brooks noted the issue of being able to effectively engage with the East Suffolk Council (ESC) Planning through the referral process and how to ensure the District Councillors were aware of the Town Council's request for the referral process to be enforced and the applications to be discussed by the ESC Planning Committee.

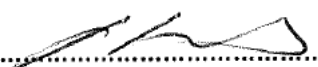

Officers were asked to contact ESC Planning and all District Councillors to raise this concern that the system was not transparent enough and to clarify the process.

133. Date and time of the next meeting - 18.45 Thursday 9 January 2025

134. Items for the next agenda

To consider the process to make the Crown Hotel an Asset of Community Value.

The Chair closed the meeting at 19:34

Signed:  9 January 2025
